

The Good Work

Well let's see what happens. This has been on most of our minds for the last year while we were in the process of obtaining a new pulpit minister and a youth and family minister. I guess we can now say the waiting game is over and it is now time to step up and go to work. This is an exciting time for the congregation and we are all expecting good things to come. All of us know all things are possible with God. But we can't forget the fact that all of us are expected to contribute for Karns to be successful in whatever we set out to accomplish.

In the book of Nehemiah we find the story of Nehemiah and the rebuilding of the wall and the gates of Jerusalem. When the word went out of the good work needing to be accomplished, men from several provinces came and started the work. Each group came and worked on different portions of the wall and restoring the gates of the city. There we find the enthusiastic response of the people for the good work of rebuilding the wall and the teamwork involved to get the job done. God was with Nehemiah and the people then, just as He will be with us now.

Over the next few weeks we need to search our hearts and pray often for new opportunities to reach out to those souls who are searching for the truth. All of us need to realize each of us can do something and get involved and do our part. Our involvement is a reflection of our love toward one another but most importantly our love toward God and His church. Please be thinking about the areas you are willing to participate in and keep the work of the church in your prayers daily.

Jesus set the example. He went about doing good work. For us to be like our master, we all need to be going about doing good.

For the elders,
Don Wagner
